October 2015: Visit www.ecomobilityfestival.org on how to change the way you move.

EcoMobility is an environmentally friendly way of moving. It aims to reduce air pollution and make our world a cleaner place to live in. It is also intended to reduce the amount of traffic on our roads.

In the EcoMobility World Festival, you can experience travel options beyond private cars. You can cycle, walk, jog and stroll freely. Public transport, cyclists and pedestrians will be given preference on some roads that are being closed. Members of the public will be able to ride in tricycles, velomobiles, wheelchairs, push scooters or skates.

The EcoMobility World Festival will also be a place for dialogues and debates on how to introduce public transport, walking and cycling lanes in the Sandton CBD. But this needs to be accompanied by behavioral change, thus the decision to host introducing Bus Rapid Transit and cycling lanes in the Sandton CBD.

The Sandton CBD in Johannesburg will be the second global city celebrating the idea of EcoMobility after the city of Suwon in South Korea.

WHAT IS ECOMOBILITY?
EcoMobility is an environmentally friendly way of moving, that aims to reduce air pollution and make our world a cleaner place to live in. It is also intended to reduce the amount of traffic on our roads. EcoMobility is the most sustainable way of moving but it can also be done by using bicycles, electric vehicles or public transport.

WHAT CAN YOU EXPERIENCE AT THE ECO MOBILITY WORLD FESTIVAL?
The EcoMobility World Festival is where the idea of EcoMobility is celebrated. The Sandton CBD in Johannesburg will be the second global city to celebrate the idea of EcoMobility after the city of Suwon in South Korea.

Exhibitions: find out about the history of transport in Johannesburg. As part of the World EcoMobility Festival, there will be an exhibition giving the public a chance to find out about the history of transport in Johannesburg. Alternatively, you can also view the exhibition online.

Other fun events: Although the EcoMobility World Festival is the main focus, there will also be many fun events for the public to enjoy. A number of roads will be restricted and access managed in the Sandton CBD to give priority to public transport, walking and cycling. Public transport, cyclists and pedestrians will be given preference on some roads that are being closed. Members of the public will be able to ride in tricycles, velomobiles, wheelchairs, push scooters or skates.

ROAD CHANGES
For more information check the press, social media or visit www.ecomobilityfestival.org.

EcoMobility transport such as Segways, pedicabs and electric vehicles.
